Alexandria , Egypt

(+20) 1550328625

OBJECTIVE

To leverage my expertise in MySQL, Laravel, React, and PHP to contribute to the development of robust, scalable, and innovative web applications. Seeking a challenging role in a dynamic environment where I can apply my skills to deliver high-quality solutions and drive business growth.

EXPERIENCE

LUZURA
(2024)

E-Commerce Platform – Full-Featured Online Shopping Site

- *My first ever E-Commerce site, featuring a full-featured shopping experience with user authentication, product listings, shopping cart, adding products and updating and deleting them*

STOREIT
(2025)

StoreIt – Cloud-based File Storage & Management System

- *Developed a secure web application for uploading, organizing, and accessing various file types (documents, images, videos) from any device.*
- *Designed with user-friendly features inspired by Google Drive to ensure efficient file management and accessibility.*

JUSTPOST
(2024)

JustPost – Quora-style Q&A platform

- *Built a full-stack web application that lets users browse, create, edit, and delete posts (with optional images) and interact through threaded comments.*
- *Implemented secure registration/login, email-based change notifications, and an intuitive UI to promote community engagement.*

EDUCATION

Alexandria UNIVERSITY (2022 - 2026)
GPA 3.69

Bachelor of Computer Science
